

Fill in the gaps

Don't (1)	(2)	like you (3)	I wanna get back,
do,			Get back,
This time,			With you.
Baby you're the only thing that's been,			You were the only one I wanted.
On my mind.			And you were the first one I (16) loved
Ever since you left I've been a mess,			You're the only one that I've been needing,
You won't let it go far			And I don't (17) to be lonely anymore.
I'll say it once,			Chorus
And I'll leave you alone,			I wanna get back, to the old days,
But I gotta let you know.			When the phone (18) ring,
Chorus:			And I knew it was you.
I wanna get back, to the old days,			I wanna start back,
When the phone would ring,			And Get Yelled At
And I (4) it was you.			Fight for nothing, like we used to.
I wanna start back,			Oh (19) me, (20) you mean it,
And Get Yelled At			Like you (21) me,
Fight for nothing, like we (5) to.			Cause I know (22) you do.
Oh kiss me, like you (6) it,			I wanna get back,
Like you miss me,			Get back,
Cause I know that you do.			With you.
I (7) get back,			(Get back)
Get back,			Get back
With you.			(Get back)
You can be that way,			Get back
I see it in your eyes.			(Get back)
Don't (8)	about	me,	Get back
I've been fine,			(Get back)
I'm not (9)	lie I'v	e been a mess,	Get back
Since you left,			Oh kiss me, like you (23) it,
And every (10)) I se	ee you,	Like you miss me,
It gets (11) and more intense			Cause I know that you do,
Chorus			I wanna get back,
I wanna get back, to the old days,			Get back,
When the phone would ring,			I wanna get back,
And I knew it was you.			Get back,
I wanna start back,			Get back,
And Get Yelled At			Get back,
Fight for nothing, like we (12) to.			With you.
Oh (13) me, like you (14) it,			
Like you (15)_			
Cause I know	that you do.
