## Lullaby (feat. Tori Kelly) by Professor Green

		It just makes my day harder, I wonder if		
All the time I (1) layed in your love		It would've been any (7)	if I had a	
When your love kept me safe through the night		father that I knew		
All the time I was sure you were mine		Could it have helped shape the way that I grew?		
And before time demands our goodbye		But the point of things I never have went from		
Can you sing me a last lullaby?		Being a reason for the things that I do	Being a reason for the things that I do	
It's been a while since I last dreamt		To just being an excuse that I'd use		
Barely remember what it's like to dream		I've gotta take responsibility for the things I do		
Finding it hard to get to sleep, too stressed		Find something other than negativity for my fuel		
And there ain't anyone to sing a (2)	to me	But I feed off it, even when I don't seem bothered		
Pretend shit doesn't get to me		I hide everything that's going on inside		
And I suffer in silence when I'm hurting		Guess it's been a while since I've been honest, I need help		
A man's problems are his own		But I deny it and even lie to myself like I'm fine		
And it's my burden		All the time I have layed in your love		
Tossing and turning, trying to get to sleep		When your love kept me safe through the night		
But I find it hard to (3) off when my mind's		All the time I was sure you were mine		
working		And (8) time demands our goodby	/e	
I ponder on things I shouldn't ponder on		Can you sing me a last lullaby?		
Off the rails, my train of thought's wandering		I just wish someone would tell me it would be OK		
Sick of pretending to be so happy		But pessimism leads me to believe that it won't		
All the while my anxiety's away at me		To see even a glimmer of hope in the darkness		
My skin crawling, I look up to the sky		Is hard and depression is a slippery slope		
And it falls, the walls close in and it's		I don't wanna do what my dad did with a rope, though		
As if all the good in my life disappears		So I carry on even though it's hard to		
In an instant, that thing is just so distant		The only thing that's definite is death and things always		
So seeing the ones who I love, the ones who love me		change		
But I don't wanna tell em how I feel in case they judge me		As long as you give em a chance to		
It's just me, wish I could let (4)	in	All the time I have layed in (9) love		
But I ain't ever been too trusting		When your love kept me safe through the night		
All the time I have layed in your love		All the time I was sure you were mine		
When your love kept me safe through the night		And before time demands our goodbye		
All the time I was sure you were mine		Can you sing me a last lullaby?		
And before time demands our goodbye		(Can you sing me a last lullaby?)		
Can you (5) me a last lullaby?		All the time I have layed in your love		
I've barely had any sleep when I get up		When your love kept me safe through the night		
Sick of all these (6)	and these night	All the time I was (10) you were mine		
terrors		And before time demands our goodbye		
Like it's only when I'm in heaven that I sleep better		Can you sing me a last lullaby?		
Might sleep better when I get up, I'm weak
