

Fill in the gaps

She Makes My Day by Robert Palmer

	I'll never be lonely now I know her
I feel so (1) loving her	She fills my heart (5) joy, she makes my day
Tell me what else is (2) for	She just has to smile to blow my cares away
She thinks it's better left unsaid	She just has to touch my hand, to (6) me stay.
She makes her mind up in a glance	I feel so lucky loving her
It really made a difference	Tell me what else is magic for
I seem to be unconditionally hers	She thinks it's better left unsaid
She's like a new girl everyday	She makes her mind up in a glance
And all the rest don't bother me	It really made a difference
I'm far too busy loving her	I seem to be unconditionally hers
I'll never be (3) now I know her	She's like a new girl everyday
She fills my (4) with joy, she makes my day	And all the rest don't bother me
She just has to smile to blow my cares away	I'm far too busy loving her
She just has to touch my hand, to make me stay.	I'll (7) be lonely now I know her
She's all good loving at once	She fills my heart with joy, she (8) my day
She's all good loving at once	She just has to smile to blow my (9) away
She's all good loving at once	She just has to touch my hand, to make me stay.
She's all good loving at once	She's all good loving at once
Our love was unintentional	She's all good loving at once
She says we're not responsible	She's all good loving at once
She thinks with her chin up	She's all good loving at once
She always makes uncommon sense	She's all good loving at once
Always knows just what to say	She's all good loving at once
She always takes me unawares	She's all good loving at once
In less time than it takes to fall,	She's all good loving at once
I'm here and there you are	
We never fought it anyway
