

Fill in the gaps

She Makes My Day by Robert Palmer

	I'll never be (11) now I know her
feel so lucky loving her	She fills my heart with joy, she makes my day
Tell me what (1) is magic for	She just has to smile to (12) my cares away
She thinks it's better left unsaid	She just has to touch my hand, to (13) me stay.
She makes her mind up in a glance	I feel so lucky loving her
t really made a difference	Tell me what else is (14) for
(2) to be unconditionally hers	She thinks it's (15) left unsaid
She's like a new girl everyday	She makes her mind up in a glance
And all the rest don't (3) me	It really (16) a difference
'm far too busy loving her	I (17) to be unconditionally hers
'Il never be lonely now I know her	She's like a new girl everyday
She fills my heart with joy, she makes my day	And all the (18) don't bother me
She just has to smile to (4) my cares away	I'm far too busy (19) her
She just has to touch my hand, to make me stay.	l'II (20) be (21) now I
She's all good loving at once	(22) her
She's all good loving at once	She fills my heart with joy, she makes my day
She's all good loving at once	She just has to smile to blow my cares away
She's all good (5) at once	She just has to (23) my hand, to (24)
Our love was unintentional	me stay.
She says we're not responsible	She's all good (25) at once
She thinks with her (6) up	She's all good (26) at once
She (7) makes uncommon sense	She's all good loving at once
Always knows just (8) to say	She's all good (27) at once
She always takes me unawares	She's all good loving at once
n less time (9) it (10) to fall,	She's all good loving at once
'm here and there you are	She's all good loving at once
Ne never fought it anyway	She's all good loving at once
