Fill in the gaps

She Makes My Day by Robert Palmer

			I'll never be lonely now I know her		
I feel so lucky loving her			She fills my heart with joy, she makes my day		
Tell me what else is magic for			She just has to smile to blow my (6)	away	
She thinks it's (1) left unsaid			She just has to touch my hand, to make me stay.		
She makes her mind up in a glance			I feel so lucky loving her		
It really made a difference			Tell me what else is magic for		
I seem to be unconditionally hers			She thinks it's better left unsaid		
She's like a new girl everyday			She makes her mind up in a glance		
And all the rest don't bother me			It really made a difference		
I'm far too busy loving her			I seem to be unconditionally hers		
I'll never be (2)	now I (3)	her	She's like a new girl everyday		
She fills my heart with joy, she makes my day			And all the rest don't bother me		
She just has to smile to blow my cares away			I'm far too busy loving her		
She just has to touch my hand, to make me stay.			I'll never be lonely now I know her		
She's all good loving at once			She fills my (7) with joy, she makes	my day	
She's all good loving at once			She just has to smile to blow my cares away		
She's all good loving at once			She just has to touch my hand, to (8)	me stay.	
She's all good loving at once			She's all good loving at once		
Our love was unintentional			She's all good loving at once		
She says we're not responsible			She's all good loving at once		
She thinks (4) h	ner chin up		She's all good loving at once		
She always makes uncommon sense			She's all good loving at once		
Always knows just what to say			She's all (9) loving at once		
She always takes me unawares			She's all good (10) at once		
In less time than it takes to fall,			She's all good loving at once		
I'm (5) and ther	e you are
