

Fill in the gaps

From walking home and talking loads			And I'll be me	
To (1)	shows in evening clothes with	h you	Everything that's broke	
From nervous touch and getting drunk			Leave it to the breeze	
To staying up and waking up with you			Why don't you be you	
But now we're sleeping at the edge			And I'll be me	
Holding (2) we don't need			And I'll be me	
All (3) delusion in our heads			Trying to fit your hand inside of mine	
Is (4) us to our knees			When we know it just don't belong	
So come on let it go			There's no force on earth	
Just let it be			Could make me feel right, no	
Why don't you be you			Whoa	
And I'll be me			Trying to (9)	this problem up the hill
Everything that's broke			When it's just too heavy to hold	
Leave it to the breeze			Think now's the time to let it slide	
Why don't you be you			So come on let it go	
And I'll be me			Just let it be	
And I'll be me			Why don't you be you	
From throwing clothes across the floor			And I'll be me	
To teeth and claws and slamming doors at you			Everything that's broke	
If this is all we're living for			Leave it to the breeze	
Why are we doing it,	doing it, (6) it any	more	Let the ashes fall	
I used to recognize m	yself		Forget about me	
It's funny how (7)	chan	ge	Come on let it go	
When we're becoming	g (8) el	se	Just let it be	
I think it's time to walk away			Why don't you be you	
So come on let it go			And I'll be me	
Just let it be			And I'll be me	
Why don't you be you	I
