

Fill in the gaps

Do you (1) remember how we used to be?	Everlasting like the sun
Feeling together, believing whatever my love has said to me	Live forever, for the moment
Both of us were dreamers, young love in the sun	Ever searching for the one"
Felt like my saviour, my spirit I gave ya, we'd only just begun	Back (6) I belong now, was it just a dream?
Hasta mañana	Feelings unfold, they will never be sold, and the secret's safe
Always be mine	with me
"Viva forever, I'll be waiting	Hasta mañana
Everlasting like the sun	Always be mine
Live forever, for the moment	"Viva forever, I'll be waiting (Viva forever I'll be waiting),
Ever (2) for the one"	Everlasting like the sun (Everlasting Like the sun)
Yes I (3) remember every whispered word	Live forever, for the moment (Live forever for the moment)
The touch of your skin, giving life from within like a love song	Ever (7) for the one (Ever searching.
never heard	for the one)"
Slipping through our fingers, (4) the sands of time	"Viva forever, I'll be waiting (Viva forever),
Promises made, every (5) saved as	Everlasting like the sun
reflections in my mind	Live forever, for the moment (Live forever)
Hasta mañana	Ever (8) for the one"
Always be mine	
"Viva forever, I'll be waiting
