Fill in the gaps

Even In The Quietest Moments by Supertramp

Even in the quietest moments	But still the tears keep falling
I wish I knew (1) I had to do	They're raining from the sky
And even though the sun is shining	Well there's a lot of me got to go under (6)
Well I feel the rain here it comes again, dear	get high
And (2) you showed me	Don't you let the sun disappear
My heart was out of tune	Don't you let the sun disappear
For there's a shadow of (4) that's not letting me	Don't you let the sun be leaving
find you too soon	No, you can't be leaving my life
The music that you gave me	Say that you won't be leaving my life
The language of my soul	Say that you won't be leaving my life
Oh Lord, I want to be with you.	Say won't you please, stay won't you please
Won't you let me come in from the cold?	Say won't you please, stay won't you please
Don't you let the sun fade away	Lord, won't you come and get into my life
Don't you let the sun fade away	Lord, won't you (7) and get into my life
Don't you let the sun be leaving	Say won't you please, stay won't you please
Won't you come to me soon	Say won't you please, stay won't you please
And even though the stars are listening	Lord, don't go
And the ocean's deep, I just go to sleep	And even when the song is over
And then I create a silent movie	Where have I (8) was it just a dream?
You become the star, is that what you are, dear?	And though your door is (9) open
Your whisper tells a secret	Where do I (10) may I please come in, dear?
Your laughter brings me joy	
And a wonder of (5) I'm Nature's own little
