London (1) to the far away towns	But while we were talking – I saw you nodding out

London (2) to the underworld	Except for that one with the yellowy eyes
Come out of the cupboard, you boys and girls	The ice age is coming, the sun is (6) in

Cept for the ring of that truncheon thing	(9) by the river
The ice age is coming, the sun zooming in	(x2)
Meltdown expected, the wheat is (4) thin	Now get this!
Engines stop running, but I have no fear	London calling, yes, I was there, too
Cause London is drowning and I - live by the river	An' you know what they said? Well, some of it was true!
London calling to the imitation zone	London calling at the top of the dial
Forget it, brother, you can go it alone	After all this, won't you give me a smile?

Quit holding out – and draw another breath	I never felt so much (10)
