## The Start Of Something Good by Daughtry

You never know when you're gonna meet someone	I know that it's gonna take sometime
And your (1) wide world in a moment comes	I've got to admit that the thought has crossed my mind
undone	This might end up like it should
You're just walking around and suddenly	And I'm gonna say what I need to say
Everything that you thought that you knew about love is gone	And hope to god that it don't scare you away
You find out it's all been wrong	Don't wanna be misunderstood
And all my scars don't seem to matter anymore	But I'm starting to believe that this (8) be the
Cause they led me here to you	start
I know that its gonna take sometime	Cause I don't know where it's going
I've got to admit (2) the thought has crossed my	There's a part of me that loves not knowing
mind	Just don't let it end (9) we begin
This might end up like it should	You never know when you gonna meet someone
And I'm gonna say what I need to say	And your whole wide world in a moment comes undone
And (3) to god that it don't scare you away	I know that its gonna take sometime
Don't (4) be misunderstood	I've got to admit (10) the thought has crossed my
But I'm starting to believe that this could be the start of	mind
something good	This might end up like it should
Everyone knows life has its Ups and downs	And I'm gonna say what I need to say
One day you're on top of the world and one day you're the	And hope to god that it don't scare you away

Well I've (5) both enough to know	But I'm starting to believe that this could be the start of
That you don't wanna get in the way when its working out	something good
The way (6) it is right now	
You see my heart i (7) it on my sleeve	
Cause I just can't hide it anymore
