

Fill in the gaps

What has come over me	Strong and unarraid
What madness (1) hold of my heart	Never a question why
To run away, the only answer	For (12) me (13) all they've taken
Pulling me away	Letting my armor fall again
To fall (2) the night	Giving me the strength to face them
The source of my recovery	Feeling it (14) (15) now
Sweet shadow taking (3) of the light	I'm about to (16) it away
Another day has been devoured	There can be no better way of knowing
Calling me away, begging the question	In a world beyond controlling
Why	Are you going to (17) the savior
For saving me from all they've taken	In front of (18) eyes
Letting my (4) fall again	Stare into the night
Giving me the strength to face them	Power (19) containing
Feeling it (5) over now	Are you going to remain a slave for
On a path to (6) it all away	The rest of (20) life
There can be no better way of knowing	Give into the night
In a world beyond controlling	Give in to the night
Are you going to (7) the savior	In a world beyond controlling
In front of (8) eyes	Are you (21) to deny the savior
Stare into the night	In front of your eyes
Power (9) containing	Stare into the night
Are you going to (10) a slave for	Power (22) containing
The rest of your life	Are you going to remain a (23) for
Give into the night	The rest of your life
This self discovery	Give into the night
Redemption taking hold of my mind	Night Night
A serenade of haunting voices	Give (24) the Night
Calling me away	Night Night
To feast upon the night	Give into the (25)
So (11) felicity	Give (26) the Night
Dark maiden taking hold of my hand	
Lead me away from hibernation
