This romeo is bleeding	When he holds you close, when he pulls you near
But you cant see his blood	When he says the words youve been needing to he
ts nothing but some feelings	III wish I was him cause those words are mine
That this old dog kicked up	To say to you till the end of time
ts been raining since you left me	Yeah, I will love you baby - always
Now Im drowning in the flood	And III be there forever and a day - always
You see Ive (1) (2) a fighter	If you told me to cry for you
But without you I give up	I could
Now I cant sing a love song	If you told me to die for you
Like the way its meant to be	I would
Well, I guess Im not that good anymore	Take a look at my face
But baby, thats just me	Theres no price I (7) pay
And I will love you, baby - always	To say these words to you
And III be there forever and a day - always	Well, (8) aint no luck
Il be there till the (3) dont shine	In these loaded dice
Till the heavens burst and	But baby if you give me (9) one more try
The words dont rhyme	We can pack up our old dreams
And I know when I die, youll be on my mind	And our old lives
And III love you - always	Well find a place where the sun still shines
Now your pictures that you left behind	And I will love you, baby - always
Are just (4) of a different life	And III be there forever and a day - always
Some that (5) us laugh, some that made us cry	III be there till the stars dont shine
One that made you have to say goodbye	Till the heavens (10) and
What Id give to run my fingers through your hair	The words dont rhyme
To touch your lips, to (6) you near	And I know when I die, youll be on my mind
When you say your prayers try to understand	And III love you - always
