## Into The Night by Santana & Chad Kroeger

| Like a gift from the neavens                         | And we sang to the wind as we danced through the hight      |
|--|---|
| It was easy to tell                                  | [Chorus]  |
| It was love from above that could save me from hell  | A-yo-a-yo-a-yo-a  |
| She had fire in her soul                             | And the voices rang like the angels sang, singing           |
| It was easy to see                                   | A-yo-a-yo-a-yo-a  |
| How the devil himself could be pulled out of me      | And we danced on (6) the night [2x]                         |
