

## Fill in the gaps

### The Big Bang Theory by Barenaked Ladies

Our whole universe was in a hot dense state,  
Then nearly fourteen billion years ago expansion started.  
Wait...  
The Earth began to cool,  
The autotrophs began to drool,  
Neanderthals developed tools,  
We built a wall (we built the pyramids),  
Math, science, history, unraveling the mysteries,  
That all (1)\_\_\_\_\_ with the big bang!  
"Since the dawn of man" is (2)\_\_\_\_\_ not that long,  
As every galaxy was formed in less (3)\_\_\_\_\_ than it  
takes to sing this song.  
A fraction of a second and the elements were made.  
The bipeds stood up straight,  
The dinosaurs all met (4)\_\_\_\_\_ fate,  
They tried to leap but they were late  
And they all died (they froze (5)\_\_\_\_\_ asses off)  
The oceans and pangea

See ya wouldn't wanna be ya  
Set in motion by the same big bang!  
It all started with the big BANG!  
It's expanding ever (6)\_\_\_\_\_ but one day  
It will pause then start to go the other way,  
Collapsing ever inward, we won't be here, it won't be hurt  
Our best and brightest figure that it'll (7)\_\_\_\_\_ an even  
bigger bang!  
Australopithecus would really (8)\_\_\_\_\_ been  
(9)\_\_\_\_\_ of us  
Debating why were here they're catching deer (we're catching  
viruses)  
Religion or astronomy, Encarta, Deuteronomy  
It all started with the big bang!  
Music and mythology, Einstein and astrology  
It all started with the big bang!  
It all (10)\_\_\_\_\_ with the big BANG!

**Fill in the gaps**

**Answer**

1. started
2. really
3. time
4. their
5. their
6. outward
7. make
8. have
9. sick
10. started
