

Fill in the gaps

The Big Bang Theory by Barenaked Ladies

| Our whole (1) was in a hot dense state, | See ya wouldn't (12) be ya |
|---|--|
| Then (2) fourteen billion years ago | Set in (13) by the same big bang! |
| (3) started. Wait | It all (14) with the big BANG! |
| The Earth began to cool, | It's expanding ever outward but one day |
| The autotrophs began to drool, | It will pause then (15) to go the |
| Neanderthals developed tools, | (16) way, |
| We built a wall (we built the pyramids), | Collapsing ever inward, we won't be here, it (17) |
| Math, science, history, unraveling the mysteries, | be hurt |
| That all started with the big bang! | Our (18) and brightest (19) |
| "Since the dawn of man" is really not that long, | (20) it'll (21) an even bigger bang! |
| As every galaxy was formed in less time (4) it | Australopithecus would really have (22) |
| takes to sing (5) song. | (23) of us |
| A fraction of a second and the elements (6) made. | Debating why were here they're catching deer (we're catching |
| The (7) stood up straight, | viruses) |
| The dinosaurs all met (8) fate, | Religion or astronomy, Encarta, Deuteronomy |
| They (9) to leap but they were late | It all (24) with the big bang! |
| And they all (10) (they froze (11) | Music and mythology, Einstein and astrology |
| asses off) | It all (25) with the big bang! |
| The oceans and pangea | It all started with the big BANG! |

1. universe
