Fill in the gaps

The Big Bang Theory by Barenaked Ladies

Our whole universe was in a hot dense state,
Then nearly fourteen billion years ago expansion started. Wait...
The Earth began to cool,
The autotrophs (1)_____ to drool,
Neanderthals developed tools,
We built a wall (we built the pyramids),
Math, science, history, unraveling the mysteries,
That all started with the big bang!
"Since the (2)_____ of man" is really not that long,
As every galaxy was formed in (3)_____ time than it takes to sing this song.
A fraction of a second and the elements were made.
The bipeds stood up straight,
The dinosaurs all met their fate,
They tried to leap but they were late
And (4)_____ all died (they froze their asses off)
The oceans and pangea
See ya wouldn't wanna be ya
Set in motion by the same big bang!
It all started with the big BANG!
It's expanding ever outward but one day
It will pause then start to go the other way,
Collapsing ever inward, we won't be here, it wont be hurt
Our best and brightest figure that it'll make an even bigger bang!
Australopithecus would (5)_____ have been (6)_____ of us
Debating why were here they're catching deer (we're catching viruses)
Religion or astronomy, Encarta, Deuteronomy
It all started (7)_____ the big bang!
Music and mythology, (8)_____ and astrology
It all started (9)_____ the big bang!
It all started (10)_____ the big BANG!

Fill in the gaps

Answer

1. began
2. dawn
3. less
4. they
5. really
6. sick
7. with
8. Einstein
9. with
10. with
