

## Fill in the gaps

### The Big Bang Theory by Barenaked Ladies

Our whole universe was in a hot dense state,  
Then (1)\_\_\_\_\_ fourteen billion (2)\_\_\_\_\_ ago  
expansion started. Wait...  
The Earth began to cool,  
The autotrophs began to drool,  
Neanderthals developed tools,  
We built a wall (we built the pyramids),  
Math, science, history, unraveling the mysteries,  
That all started with the big bang!  
"Since the dawn of man" is really not that long,  
As every (3)\_\_\_\_\_ was formed in less time than it  
(4)\_\_\_\_\_ to sing this song.  
A fraction of a second and the (5)\_\_\_\_\_ were  
made.  
The bipeds stood up straight,  
The (6)\_\_\_\_\_ all met their fate,  
They tried to leap but they were late  
And they all (7)\_\_\_\_\_ (they froze their asses off)  
The oceans and pangea

See ya wouldn't wanna be ya  
Set in motion by the same big bang!  
It all (8)\_\_\_\_\_ with the big BANG!  
It's expanding ever outward but one day  
It will pause then start to go the other way,  
Collapsing ever inward, we won't be here, it won't be hurt  
Our best and brightest figure that it'll make an even bigger  
bang!  
Australopithecus would really have been sick of us  
Debating why we're here they're (9)\_\_\_\_\_  
(10)\_\_\_\_\_ (we're catching viruses)  
Religion or astronomy, Encarta, Deuteronomy  
It all started with the big bang!  
Music and mythology, Einstein and astrology  
It all started with the big bang!  
It all started with the big BANG!

## Fill in the gaps

### Answer

1. nearly
2. years
3. galaxy
4. takes
5. elements
6. dinosaurs
7. died
8. started
9. catching
10. deer
