Welcome To My World by Depeche Mode

Welcome to my world	And the moon begin to blush
Step right through the door	And make it in a search
Leave your tranquilizers at home	Translucently too much
You don't (1) them (2)	And I (8) you in my arms
All the drama queens are gone	I (9) you by my side
And the devil got (3) made	And we sleep the devil's sleep
He backed up and fled this town	Just to keep him satisfied
His master plan delayed	And if you stay a while
And if you stay a while	I'll penetrate your soul
l'll (4) your soul	I'll bleed into your dreams
I'll bleed (5) your (6)	You want to lose control
You want to lose (7)	I weep into your eyes
I weep into your eyes	I make your vision see
I make your vision see	I'll open endless skies
I'll open endless skies	And right your broken wings
And right your broken wings	Welcome to my world
Welcome to my world	Welcome to my world
Welcome to my world	Welcome to my world
Welcome to my world	
Watch the sunrise set
