# Storm The Sorrow by Epica

Will I refrain?

## Fill in the gaps

Along the way, I (1) myself	Can I repent?
To be confined within me	Will you be there?
No place for any other's mind to interfere	Erase the page
To (2) the meaning of it all	For I'm alone and ailing
To overcome my limits	Intertwine the lines
And (3) away from any void and (4)	That (18) beneath the dark
tones	Realize the pain we live in
Just (5) me why	Demonize the need we reel in
Just tell me how	(Nooooooo)
I can survive (6) time	In my (19) I'll dig deep enough to know
Believe yourself and look away	Centuries of (20) unending
From all that's (7) you	Another me (21) yielded tears
Leave all (9) worries at the door and drift away	When someone had betrayed
I've tried to (10) into the core	So, (22) is my life
But could not (11) the sorrow	And it can't break me down
My hollow heart has bled me dry	Go, I will decide
Left me to stray	Who can come in and (23) my disease
Another time	Burn it in flames
Without a trace	Kill it and maim
Condemn me now	Why can't you see that you need to be freed?
Send me to heaven	Intertwine the (24) beneath the dark
For I'm already failing	Every bit of pain we're feeling
Intertwine the lines	Every (25) solemn life
That swim beneath the dark	(Nooooooo)
Realize the (12) we live in	In the memories, you will find somehow
Demonize the need we reel in	There used to be a dream unending
(Nooooooo)	No more need to be alone
In my memories I'll dig (13) enough to know	Intertwine the lines
Centuries of (14) unending	That swim beneath the dark
Another me that yielded tears	Realize the pain we live in
When someone had betrayed	Demonize the need we reel in
No time should ever go to waste	(Nooooooooo)
It's not that complicated	In my memories I'll dig deep enough to know
You're (15) to live your life at ease	Centuries of dreams unending
No more restraints	Another me (26) yielded tears
No heed for shadows on (16) way	When someone had betrayed
That try to (17) your laughter	Someone had betrayed
Your light will drive them all away	
Be confident	

### 1. find

- 2. grasp
- 3. dance
- 4. empty
- 5. tell
- 6. this
- 7. right
- 8. within
