She's Killing Me (Acoustic) by A Rocket To The Moon

All my friends are (1) over	That lead back (6) (so come back home)
And I hope nobody told her	She'll pick a fight for no good reason
She has a way of turning sunshine (2) rain	She knows I'll never leave
I've got on that shirt she hates	I love her half to death
I just know that (3) she'll make	But she's killing me
Even though it hurts	And I wouldn't have it any other way
She's my favorite pain	She can change her clothes
She never drives her car	She can change her hair
She drives me crazy	But she'll always be the same
She went out of gas	So I went out, and bought her roses
And somehow I'm to blame	She complained about the thorns
I'll take her out, and drop her off	I caught her smiling
On the outskirts of our town	And that's what I do it for
I leave a trail of roses	And I'll take her out
That lead (4) home (so come back home)	And drop her off
She'll pick a fight for no good reason	On the outskirts of our town
She knows I'll never leave	I (7) a trail of roses
I love her half to death	That lead back (8) (so come back home)
But she's killing me	She'll (9) a fight for no good reason
And all my friends	She knows I'll never leave
They say they (5) her	I love her half to death
But I know behind my back	(Oh) yeah
They all think the same things	I love her half to death
That I do	I leave a trail of roses
She spends her daddy's creditcard	So come back home
And says that I'm the one who's lazy	(I love her half to death)
She's like a dream	She'll pick a fight for no good reason
And a nightmare coming true	She knows I'll never leave
And I'll take her out	I love her (10) to death
And drop her off	She's killing me
