She's Killing Me (Acoustic) by A Rocket To The Moon

All my friends are coming over		That lead back home (so come back home)
And I hope nobody told her		She'll pick a fight for no good reason
She has a way of (1)	sunshine into rain	She (3) I'll never leave
I've got on that shirt she hates		I love her half to death
I just know that face she'll make		But she's killing me
Even though it hurts		And I wouldn't have it any other way
She's my favorite pain		She can change her clothes
She never drives her car		She can change her hair
She drives me crazy		But she'll always be the same
She went out of gas		So I (4) out, and (5) her roses
And somehow I'm to blame		She complained about the thorns
I'll take her out, and drop her off		I caught her smiling
On the outskirts of our town		And that's (6) I do it for
I leave a trail of roses		And I'll (7) her out
That lead back home (so come back home)		And drop her off
She'll pick a fight for no good reason		On the outskirts of our town
She knows I'll never leave		I leave a trail of roses
I love her half to death		That lead back home (so come back home)
But she's killing me		She'll pick a fight for no good reason
And all my friends		She knows I'll never leave
They say they like her		I love her half to death
But I know behind my back		(Oh) yeah
They all think the same things		I love her half to death
That I do		I leave a trail of roses
She spends her daddy's creditcard		So come (8) home
And says that I'm the one who's lazy		(I (9) her half to death)
She's like a dream		She'll pick a fight for no good reason
And a nightmare coming true		She (10) I'll never leave
And I'll take her out		I love her half to death
And (2) her off		She's killing me
