

Somebody said every day

## Fill in the gaps

That's just the way that it goes

Was going to be sunny skies	'Cause we made it this far on for better or worse
Only Marvin Gaye and lingerie	I wanna feel it even if it hurts
I guess somebody lied	If I gotta cry
Started discussing then to fighting	To get to the other side
Then don't touch me please	As long as you're there I'll survive
Then it's let's stop the madness	We stay
Just (1) lay with me	On the front lines
And (2) be told	Yeah, but we're still here
I'm waving my flag	After the bomb drops
Before it goes bad (yeah, yeah)	We go so hard
'Cause we made it this far on for better or worse	We lose control
I wanna feel it even if it hurts	The fire starts
If I gotta cry	Then we explode
To get to the other side	When the (5) clears
Let's go 'cause we're going to survive	We dry our tears
We stay	Only in love and war
On the front lines	As long as we make up after every fight
Yeah, but we're still here	When it's over
After the bomb drops	You know I'm coming home
We go so hard	Right there where I belong
We lose control	I'm (6) all this over
The fire starts	And we stay
Then we explode	On the (7) lines (on the (8) lines
When the smoke clears	Yeah, but we're still here
We dry our tears	After the (9) drops
Only in love and war	We go so hard (we go so hard)
Sometimes you're my general	We lose control (we lose control)
You quarterback all (3) plays	The fires starts (the fire starts)
Sometimes you're my enemy	Then we explode (baby)
And I'm throwing grenades	When the smoke clears
We'll just be chilling and laughing	We dry our tears
I'm laying on (4) chest	Only in love and war
Don't know what I did	Only in (10) and war
'Cause things just went left	(Only in love and war)
But here we go	
Back down that road	

- 1. come
- 2. truth
- 3. these
- 4. your
- 5. smoke
- 6. taking
- 7. front
- 8. front
- 9. bomb
- 10. love
