Kissin U by Miranda Cosgrove

Fill in the gaps

Sparks fly, it's like electricity	'Cause when I'm kissing you my senses come alive
I might die when I forget how to breathe	Almost (4) the puzzle piece I've been trying to find
You get closer and there's nowhere	Falls right into place, you're all that it takes
In this world I'd rather be	My doubts (5) away when I'm kissing you
Time stops like everything around me	When I'm kissing you it all starts making sense
It's frozen and nothing (1) but these	And all the (6) I've been asking in my
Few moments when you open	head
My mind to things I've never seen	Like are you the one?, (7) I really trust?
'Cause when I'm kissing you my senses come alive	Crystal (8) it becomes when I'm kissing you
Almost like the puzzle piece I've been trying to find	I've never felt nothing like this
Falls right into place, you're all that it takes	You're making me open up
My doubts fade away when I'm kissing you	No point even trying to fight this
When I'm kissing you it all starts making sense	It kinda feels like it's love
And all the questions I've been (2) in my head	'Cause when I'm kissing you my senses come
Like are you the one?	Almost like the puzzle piece I've been trying to find
Should I really trust?	Falls right into place, you're all that it takes
Crystal clear it becomes when I'm kissing you	My doubts fade away when I'm kissing you
Past loves, they never got really far	When I'm (9) you it all starts making sense
Walls up, made sure I guarded my heart	And all the questions I've been asking in my head
And I promise I wouldn't do this	Like are you the one?
'Til I knew it was right for me	Should I really trust?
But no one, no guy that I met before	Crystal clear it becomes
Could make me feel so right and secure	When I'm kissing you
And have you noticed I lose my focus?	
And the world (3) me disappears
