## Love Remains The Same by Gavin Rossdale

A thousand times I've seen you standing	So much more to say
Gravity like a lunar landing	So much to be done
Make me want to run (1) I find you	Don't you trick me out
I shut the world away from here	We shall overcome
Drift to you, you're all I hear	So all have (8) in place
Everything we know fades to black	We should have had the sun
Half the time the world is ending	Could have been inside
Truth is I am done pretending	Instead we're over here
I never thought that I	Half the time the world is ending
Had (2) to give	Truth is I am done pretending
Pushing me so far	Too much time, too long defending
Here I am without you	You and I are done pretending
Drink	I never thought that I
To all that we have lost	Had (9) to give
Mistakes we have made	Pushing me so far
Everything will change	Here I am without you
But love remains the same	Drink
Find the place where we escape	To all that we have lost
Take you (3) me for a space	Mistakes we have made
The city buzz, (4) just like a fridge	Everything will change
I walk the streets through (5) bars	Everything will change
I had to find just where you are	1
The (6) seems to blur, they're all the same	(Oh oh) I
Half the (7) the world is ending	I wish
Truth is I am done pretending	This could last forever
I never thought that I	1
Had anymore to give	(Oh oh) I
Pushing me so far	I as if
Here I am without you	We could last forever
Drink	Love remains the same
To all that we have lost	Love remains
Mistakes we have made	The same
Everything will change
