The Good Die Young by Scorpions

Fill in the gaps

You wake up		The good die young	
Watch the world go 'round		The (5)	will burn forever
You shiver		And no one knows your name	
Feeling upside down		Bring the boys back home again	
Your heart is beating fast		Home again	
Pumping blood to your head		It was a quiet day	
Another day to fight		On the streets of hope	
You have a prayer on your lips		When the bomb went off	
Under the (1) sun		At the side of the road	
And a loaded gun		Sounds of breaking steel	
(Thank you)		A windshield full of blood	
You remember		No (6) in sight	
That your father said		It feels like in a movie scenes are passing b	
Stay out of trouble son		It's (7) life	
And be (2) to yourself		The good die young	
You'll be working like a dog		There might be no tomorrow	
Raise a family		In god we trust	
And life will be alright		Through all this pain and sorrow	
But now it's (3)	in the stars	The good die young	
If you'll make it out alive		The flame will (8)	forever
Out alive		And no one knows your name	
The (4) die young		Bring the boys (9)	home again
There might be no tomorrow		Home again	
In god we trust			
Through all this pain and s	orrow
