## The Mother We Share by CHVRCHES

Never (1) your side	As old as your omens
Never cursed your name	And the mother we share
keep my lips shut tight	Will never keep your proud head from falling
Jntil you go	The way is long
We've (2) as far	But you can make it easy on me
As we're ever gonna get	And the mother we share
Until you realize	Will never keep our cold hearts (5) calling
That you should go	Into the night for once
'm in misery where you can seem	We're the only ones left
As old as your omens	I bet you even know
And the mother we share	Where we could go
Nill never keep your proud head from falling	And when it all ***** up
The way is long	You put (6) head in my hands
But you can make it easy on me	It's a souvenir
And the mother we share	For when you go
Nill never keep our cold (3) (4)	I'm in misery where you can seem
calling	As old as (7) omens
n the dead of night	And the mother we share
'm the only one here	Will never keep your proud head from falling
And I will cover you	The way is long
Jntil you go	But you can make it easy on me
Cause if I told the truth	And the (8) we share
will always be free	Will never keep our cold hearts from calling
And keep a prize with me
