The Mother We Share by CHVRCHES

Never took (1) side	As old as your omens
Never cursed (2) name	And the mother we share
I keep my lips shut tight	Will never (7) (8) proud head from
Until you go	falling
We've come as far	The way is long
As we're ever gonna get	But you can make it easy on me
Until you realize	And the mother we share
That you should go	Will (9) keep our cold hearts from calling
I'm in misery where you can seem	Into the night for once
As old as your omens	We're the only ones left
And the mother we share	I bet you even know
Will never keep your proud head from falling	Where we could go
The way is long	And when it all ***** up
But you can make it easy on me	You put your head in my hands
And the mother we share	It's a souvenir
Will never keep our cold hearts from calling	For when you go
In the (3) of night	I'm in misery where you can seem
I'm the only one here	As old as your omens
And I will cover you	And the mother we share
Until you go	Will never keep your proud head from falling
'Cause if I told the truth	The way is long
I (4) (5) be free	But you can make it easy on me
And keep a prize with me	And the (10) we share
Until you go	Will never keep our cold hearts from calling
I'm in (6) where you can seem
