

## Fill in the gaps

I thought the candle was gonna go out	The (11) of my invisible empire
The wind was blowing and the door was open	And if I do all the (12) I do
But the candle never went out	Well, I tell (13) that (14) staying
Never (1) out	true
The wave (2) its way to the shore	Know I'll never stop
I thought it was a ripple and nothing more	You know I'll (15) stop
But the wave found its way all the way	You know (16) (17) think about
To the shore	it
(Oh oh) I (3) burn this house	Put an end to all this time
I know, I wanna jump into the fire	That I would spend (18) it on my mind
(Oh oh) I've got to tear them down	You (19) it never stopped
The pinnacles of my (4) empire	You (20) it (21) stopped
I know the gamble never works twice	You know I always wondered about it
All the distractions of the table	I (22) about the wonder
And the weighted dice	(Oh oh no oh oh) I (23) a rusting crown
But the (5) of it (6) so nice	I know this (24) is falling
You'd do it all again	The crowd (25) for (26)
But I look to the chips and lose	round
I'm standing on the platform	I see the ruin
With my neck in the noose	The spectacular
And I know it's not my time	Diamonds buried
It's not my time	Icebergs, the minarets
(Oh oh) I wanna burn (7) house	And the marketplaces
I know, I (8) (9) into the fire	The (27) fires of my invisible empire
(Oh oh) I've got to (10) them down
