

## Fill in the gaps

The mongrel cat (1) home	And I (6) know why I feel so tongue-tied
Holding half a head	Don't know why I feel so skinned alive
Proceeded to (2) it off	My (7) are (8)
To all his newfound friends	and a little naïve
He said "I been where I liked	I twitch and I salivate like with myxomatosis
I slept with who I like	You should put me in a home
She ate me up for breakfast	Or you (9) put me down
She screwed me in a vice	I got myxomatosis
But now I don't know why I (3) so tongue-tied"	I got myxomatosis
I sat in the cupboard	Yeah, no one likes a smart-ass but we all (10)
And wrote it down neat	stars
They were cheering and waving	But that wasn't my intention
Cheering and waving	I did it for a reason
Twitching and salivating like (4) myxomatosis	It must have got mixed up
But it got edited, ****** up	Strangled, beaten up
Strangled, (5) up	I got myxomatosis
Used in a photo in Time magazine	I got myxomatosis
Buried in a burning black hole in Devon	I don't know why I feel so tongue-tied
