

# Fill in the gaps

### You Are More by Tenth Avenue North

There's a girl in the corner	You've been remade
With (1) stains on her eyes	You are more than the choices that you've made
From the places she's wandered	You are more than the sum of (14) past mistakes
And the shame she can't hide	You are more (15) the problems you create
She says, "How did I get here?	You've (16) remade
I'm not who I once was	'Cause (17) is not about (18) you've
And I'm crippled by the fear	done
That I've (2) too far to love"	But what's (19) done for you
But don't you know who you are	This is not about where you've been
What's (3) done for you?	But where (20) brokenness (21)
Yeah, don't you know who you are?	you to
You are (4) than the choices that you've made	This is not about what you feel
You are more (5) the sum of your (6)	But what he felt to (22) you
mistakes	And what he felt to make you loved
You are (7) than the problems you create	You are more than the choices that you've made
You've been remade	You are more than the sum of your past mistakes
Well she tries to believe it	You are more than the problems you create
That she's (8) given new life	You've (23) remade
But she can't shake the feeling	You are more than the choices that you've made
That it's not (9) tonight	You are more than the sum of your past mistakes
She (10) all the answers	You are more than the (24) you create
And she's rehearsed all the lines	You've been remade
And so she'll try to do better	You've (25) remade
But then she's too weak to try	You've (26) remade
But don't you know who you are?	You've been remade
You are more than the choices that you've made	You've been remade
You are more than the sum of (11) (12) mistakes	
You are more (13) the problems you create
