## All The Man That I Need by Whitney Houston

I used to cry (1)	to sleep at night	More love (8) I've ever seen
But that was all before he came		He's all I've got
I (2) love	had to (3) to	He's all I've got in this world
(4) out right		But he's all the man that I need
But now he's here		He (9) me up
It's not the same		He gives me love
It's not the same		More love than I've ever seen
He fills me up		He's all I've got
He gives me love		He's all I've got in this world
More love than I've ever seen		But he's all the man (10) I need.
He's all I've got		He fills me up
He's all I've got in this world		He gives me love
But he's all the man that I need		More, more love, more love
And in the morning when I kiss his eyes		More love
He (5) me down and rocks me slow		He's all I've got
An in the (6)	_ (7) the moon is	He's all I've got in this world
high		But he's all the man, all the man
He holds me close		
And won't let go		
He won't let go		
He fills me up
