

Fill in the gaps

Called you for the first time yesterday	Hopeless, head over heels in the moment
Finally found a missing part of me	I never thought that I'd get hit
Felt so close but you were far away	By this lovebug again
Left me without anything to say	I kissed her for the first time yesterday
Now I'm speechless	Everything I wish that it would be
Over the edge I'm (1) breathless	Suddenly I forgot how to speak
I never thought that I'd catch this	Hopeless, breathless, baby, can't you see?
Lovebug again	Now I'm
Hopeless, head over heels in the moment	(Yeah)
I never thought that I'd get hit	Now I'm speechless
By (2) lovebug again	Over the edge I'm just breathless
I can't get your smile out of my mind	I never thought that I'd catch this
(I can't get you out of my mind)	Lovebug again
I think about your eyes all the time	Now I'm hopeless
Beautiful but you don't even try	Head over heels in the moment
(You don't even, don't even try)	I (7) (8) (9) I'd ge
Modesty is just so (3) to find	hit
Now I'm speechless	By this lovebug again
Over the (4) I'm (5) breathless	(Ohhhooohhh)
I never thought that I'd (6) this	Lovebug again
Lovebug again
