I live on the frozen surface of a fireball	Drop (15) guard, you don't have to be smart all o
Where cities (1) together	the time
To hate each other in the name of sport	I've got a (16) (17) of blanks
America, nothing is ever just anything	I need to go somewhere new fast
I looked up to you	And don't be shy, (oh) no, at least deliberately
But you thought I would (2) the other way	Cause no one really (18) or
And you hear (3) you want to hear	(19) why anymore (oh)
And (4) take what (5) (6) to	I got music, coming out of my (20) and feet and
take	kisses (oh)
Don't be sad, won't (7) (8) like	That is how it once was done
(9) anymore	All the (21) on the run
So when's it coming	Forgive them, (22) if they are not sorry
This last new (10) that	All the vultures, bootleggers at the door waiting
I can join?	We're so quick to point out our own (23) ir
It won't end here	others
Your (12) has got to be greater than your fear	Complicated mammals on the wings of robots
Forgive them, even if they are not sorry	If you believe in this world (24) no one has
All the vultures, bootleggers at the door waiting	(25) in vain
You are (13) for your own voice but in	But don't you (26) get to the top and not know wha
