

Fill in the gaps

I am an island underneath the setting sun	Sometimes we (8) over
In an ocean that is churning	And go solo
For all I know there might be nobody nearby	No metaphors
Still, the world, it keeps on turning	Are needed from
And when (1) sun goes down	This time onwards
It gets brighter in my heart somehow	In the
I don't know why (2) is	(Sooooome)
But it's (3) I want to know	(Oooooooh)
Sometimes we start over	(Aaaaaaah)
And go solo	(Oooooooh)
We're looking for	And (9) the sun goes down
That summer home	It gets brighter in my heart somehow
Beside the sea	I don't know why (10) is
And for the future	But it's what I'd like to know
(Oooooooh)	Sometimes we start over
Since I left you I'm a gold balloon (4) wanders high	And go solo
I won't sing through rainbows and showers	We're looking for
Taking lovers just might keep my (5) at bay	The ones we've hurt
But the dam can break at any hour	Just to forgive us
By candle-light you seem	In the future
To deepen in your mysteries	Sometimes we start over
Confusing forces move	And just go solo
At the tides of (6) seas	No metaphors
Sometimes we start over	Are needed from
And go solo	This time onwards
We're looking for	In this song
The (7) we've hurt	
Just to forgive us	
In the future
