

## Fill in the gaps

## A Total Eclipse Of The Heart by Bonnie Tyler

| (Turn around)                                      | Forever's gonna start tonight                      |
|--|--|
| Every now and then I get a (1) bit lonely          | (Forever's gonna start tonight)                    |
| And you're never coming around                     | Once upon a time I was falling in love             |
| (Turn around)                                      | But now I'm (17) falling apart                     |
| Every now and then I get a little bit tired        | There's nothing I can do                           |
| Of listening to the sound of my tears              | A (18) eclipse of the heart                        |
| (Turn around)                                      | Once upon a time there was light in my life        |
| Every now and then I get a little bit nervous      | But now there's only love in the dark              |
| That the best of all the years have gone by        | Nothing I can say                                  |
| (Turn around)                                      | A total eclipse of the heart                       |
| Every now and then I get a little bit terrified    | (Turn (19) bright eyes)                            |
| And then I see the look in your eyes               | Every now and then I (20) apart                    |
| (Turn (2) bright eyes)                             | (Turn around bright eyes)                          |
| Every now and (3) I fall apart                     | Every now and then I fall apart                    |
| (Turn (4) bright eyes)                             | And I need you now tonight (and I need)            |
| Every now and then I fall apart                    | And I need you more than ever                      |
| (Turn around)                                      | And if you'll only hold me tight (if you'll only)  |
| Every now and then I get a little bit restless     | We'll be holding on forever                        |
| And I dream of something wild                      | And we'll only be making it right                  |
| (Turn around)                                      | Cause we'll never be wrong together                |
| Every now and (5) I get a little bit helpless      | We can take it to the end of the line              |
| And I'm lying like a (6) in (7) arms               | Your (21) is like a shadow on me all of the time   |
| (Turn around)                                      | (All of the time)                                  |
| Every now and then I get a (8) bit angry           | I don't know what to do and I'm always in the dark |
| And I know I've got to get out and cry             | We're living in a powder keg and giving off sparks |
| (Turn around)                                      | I really need you tonight                          |
| Every now and then I get a little bit terrified    | Forever's gonna start tonight                      |
| But (9) I see the look in (10) eyes                | (Forever's gonna (22) tonight)                     |
| (Turn around (11) eyes)                            | Once upon a time I was (23) in love                |
| Every now and then I fall apart                    | But now I'm only falling apart                     |
| (Turn (12) bright eyes)                            | There's nothing I can do                           |
| Every now and (13) I fall apart                    | A total eclipse of the heart                       |
| And I need you now tonight                         | Once upon a time there was light in my life        |
| And I need you more (14) ever                      | But now there's (24) in the dark                   |
| And if you'll only hold me tight                   | Nothing I can say                                  |
| We'll be holding on forever                        | A total eclipse of the heart                       |
| And we'll only be making it right                  | A total eclipse of the heart                       |
| Cause we'll never be wrong together                | (Turn around (26) eyes)                            |
| We can take it to the end of the line              | (Turn around bright eyes)                          |
| Your love is like a shadow on me all of the time   | (Turn around)                                      |
| (All of the time)                                  |  |
| I don't know what to do and I'm always in the dark |  |
| We're (15) in a powder keg and giving off          |  |
| sparks   |  |
| L (16) need you tonight                            |  |
