It started with a low light	'Cause it wasn't televised
Next thing I knew they ripped me from my bed	But it was a turning point
And then they took my blood type	Oh (5) a (6) night
They left a strange impression in my head	The star maker says it ain't so bad
You know that I was hoping	The dream maker's gonna make you mad
That I could leave this star-crossed world behind	The spaceman says everybody look down
But when they cut me open	It's all in your mind
I guess I changed my mind	The star maker says it ain't so bad
And you know I might	The dream maker's gonna make you mad
Have just (1) too far from the floor this time	The spaceman says everybody look down
'Cause they calling me by my name	Its all in your mind
And the zipping white light beams	My global position systems are (7)
Disregarding bombs and satellites	addressed
That was the turning point	They say the Nile used to run from east to west
That was one lonely night	They say the Nile used to run from east to west
The star (2) says it ain't so bad	I'm fine
The dream maker's gonna make you mad	But I hear (8) voices at night
The spaceman says everybody look down	Sometimes
Its all in your mind	The (9) (10) says it ain't so bad
Well now I'm back at home and	The dream maker's gonna make you mad
I'm looking forward to this life I live	The spaceman says everybody look down
You know it's gonna haunt me	Its all in your mind
So hesitation to (3) life I give	The star maker says It ain't so bad
You think you might cross over	The dream maker's gonna make you mad
You caught between the devil and the deep blue sea	The spaceman says everybody look down
You better look it over	It's all in your mind
Before you make that leap	It's all in my mind
And you know I'm fine but I hear those (4) at	It's all in my mind
night	
Sometimes they justify my claim	
And the public don't dwell on my transmission
