

Fill in the gaps

Thursday night, everything's fine		And I know that I (12) let go, t	out I can't	
Except you've got that look in your eye		And every time we (13) I know it	time we (13) I know it's not right	
When I'm (1)	a story, and you find it boring	Every time that you're (14) and I	smile	
You're thinking of (2) to say		I know I should forget, but I can't		
You'll go along with it, then drop it		Your face is pastey		
And humiliate me in front of our friends		'Cause you've gone and got so wasted		
Then I'll use that voice that you find annoying		What a surprise		
And say something like,		Don't (15) to (16) at your face, 'cause		
"Yeah, intelligent input, darling.		it's making me sick		
Why don't you just have another beer then?"		You've gone and got sick on my trainers		
Then you'll call me a bitch		I only got these yesterday		
And (3)	we're with (4) be	Oh my gosh, I cannot be bothered with this		
embarrassed		Well, I'll (17) you (18)	'till the	
And I won't give a shit		morning		
My fingertips are holding onto		And I purposely won't turn the heating on		
The cracks in our foundation		And dear God, I hope I'm not stuck (19) this one		
And I know that I (5) let go, but I can't		My fingertips are (20) onto		
And every time we fight I (6) it's not right		The cracks in our foundation		
Every (7) that you're (8) and I smile		And I know (21) I should let go, but I can't		
I know I should forget, but I can't		And every time we fight I know it's not right		
You (9) I must e	eat so many lemons	Every time that you're upset and I smile		
'Cause I am so bitter		I (22) I (23) forget, but I can't		
I said, "I'd rather be with your friends, mate,		And every time we fight I know it's not right		
'Cause they are much fitter."		Every time (24) you're upset and I smile		
Yes, it was childish		I know I should forget, but I can't		
And you got aggressive		And every time we fight I (25) it's not right		
And I must (10)	that I was a bit scared	Every time that you're upset and I smile		
But it gives me thrills to wind you up		I know I (26) forget, but I can't		
My fingertips are holding or	nto
