High Hopes by Nightwish

Fill in the gaps

Beyond the horizon of the place we lived	There's a (8) still unsatisfied
When we were young	Our weary eyes still stray to the horizon
In a (1) of magnets and miracles	The dog is road, we've been so many times
Our thoughts strayed constantly and without boundary	The grass was greener
The ringing of the division bell had begun	The light was brighter
Along the Long (2) and on down the Causeway	With friends surrounded
Do they still meet there by the Cut	The nights of wonder
There was a ragged band that followed our footsteps	With friends surrounded
Running before time took our dreams away	The dawn mist growing
Leaving the myriad small creatures	The water flowing
Trying to tie us to the ground	The endless river
To a life consumed by slow decay	Forever and ever
The grass was greener	The grass was greener
The light was brighter	The light was brighter
With friends surrounded	The (9) was sweeter
The nights of wonder	The nights of wonder
Looking beyond the embers of bridges glowing behind us	With friends surrounded
To a glimpse of how green it was on the other side	The dawn mist growing
Steps (3) forwards but sleepwalking back again	The water flowing
Dragged by force of some inner tide	The endless river
At a higher altitude with (4) unfurled	Forever and ever
We (5) the dizzy heights of that	
(6) of world	
Encumbered forever by (7) and ambition
