## Fill in the gaps

Please understand	I'm empty (6) the need to
This isn't just goodbye	Curse my enemies forever
This is I can't stand you	Let's slit our wrists and burn down something beautiful
This is where the road crashed (1) the ocean	This desperation leaves me overjoyed
It rises all around me	With fading lights that lead us past the lives that we destroy
And now we're barely breathing	Curse my enemies forever
A thousand (2) we'll choose to ignore	Let's slit our wrists and burn down something beautiful
Curse my enemies forever	This desperation is leaving me overjoyed
Let's slit our wrists and (3) down something	With fading lights that lead us past the lives that we destroy
beautiful	Please understand
This desperation leaves me overjoyed	Lay rotting (7) I fall
With fading lights that (4) us (5) the	I'm dead from bad intentions
lives that we destroy	Suffocated and embalmed
I listen to you cry	And now all our dreams are cashed in
A cry for less attention	You swore you wouldn't lose then lost (8) brain
But both my hands are tied	You make a (9) that feels like pain
And I'm pushed into the deep end	So (10) understand
I listen to you talk but talk is cheap	This isn't just goodbye
And my mouth is filled with blood	This is I can't stand you
From trying not to speak	
So search for an excuse	
And someone to believe you
