

## Fill in the gaps

Please understand	i m empty with the need to
This isn't just goodbye	Curse my enemies forever
This is I can't stand you	Let's slit our wrists and (6) down something
This is where the road crashed into the ocean	beautiful
t rises all around me	This desperation leaves me overjoyed
And now we're barely breathing	With fading lights (7) lead us past the lives
A thousand faces we'll choose to ignore	(8) we destroy
Curse my enemies forever	Curse my enemies forever
_et's slit our wrists and burn down something beautiful	Let's slit our wrists and burn down something beautiful
This desperation leaves me overjoyed	This desperation is leaving me overjoyed
With fading lights that (1) us past the lives that we	With fading lights that lead us past the lives that we destroy
destroy	Please understand
listen to you cry	Lay rotting where I fall
A cry for (2) attention	I'm dead from bad intentions
But both my hands are tied	Suffocated and embalmed
And I'm pushed into the deep end	And now all our dreams are cashed in
listen to you talk but talk is cheap	You swore you wouldn't lose then lost your brain
And my mouth is (3) with blood	You make a sound that feels (9) pain
From (4) not to speak	So please understand
So search for an excuse	This isn't just goodbye
And someone to (5) you	This is I can't stand you
