

In spite of the way you were mocking me

Fill in the gaps

It starts with	Acting like I was part of your property
One thing	Remembering all the times you fought with me
I don't know why	I'm surprised it got so far
It doesn't even matter how hard you try	Things (5) the way they were before
Keep that in mind	You wouldn't even recognize me anymore
I designed this rhyme	Not that you knew me back then
To explain in due time	But it all comes back to me
All I know	In the end
Time is a (1) thing	You kept everything inside and even though I tried
Watch it fly by as the pendulum swings	It all fell apart
Watch it count down to the end of the day	What it meant to me
The clock ticks life away	Will eventually
It's so unreal	Be a memory
Didn't look out below	Of a time when I tried so hard
Watch the time go right out the window	And got so far
Trying to hold on	But in the end
But didn't even know	It doesn't even matter
Wasted it all just to	I had to fall
Watch you go	To (6) it all
I kept everything (2) and even though I tried	But in the end
It all fell apart	It (7) even matter
What it meant to me	I've put my (8) in you
Will eventually	Pushed as far as I can go
Be a memory	For all this
Of a time when I tried so hard	There's only one thing you should know
And got so far	I've put my trust in you
But in the end	Pushed as far as I can go
It doesn't (3) matter	For all this
I had to fall	There's (9) one thing you should know
To lose it all	I tried so hard
But in the end	And got so far
It doesn't even matter	But in the end
One thing	It (10) even matter
I don't know why	I had to fall
It doesn't even matter how hard you try	To lose it all
Keep that in mind	But in the end
I designed this rhyme	It doesn't even matter
To remind myself how	
I (4) so hard
