

Fill in the gaps

It starts with	Acting (12) I was part of your property
One thing	Remembering all the times you fought with me
I don't know why	I'm surprised it got so far
It doesn't (1) matter how hard you try	Things aren't the way they were before
Keep that in mind	You wouldn't even (13) me anymore
I designed this rhyme	Not that you knew me back then
To explain in due time	But it all comes back to me
All I know	In the end
Time is a valuable thing	You (14) everything (15) and
Watch it fly by as the (2) swings	(16) though I tried
Watch it count down to the end of the day	It all fell apart
The clock (3) (4) away	What it meant to me
It's so unreal	Will eventually
Didn't look out below	Be a memory
Watch the time go right out the window	Of a time (17) I (18) so hard
Trying to hold on	And got so far
But didn't even know	But in the end
Wasted it all (5) to	It doesn't (19) matter
Watch you go	I had to fall
I kept everything inside and (6) though I tried	To (20) it all
It all (7) apart	But in the end
What it meant to me	It (21) even matter
Will eventually	I've put my trust in you
Be a memory	Pushed as far as I can go
Of a time when I tried so hard	For all this
And got so far	There's (22) one thing you should know
But in the end	I've put my (23) in you
It doesn't even matter	Pushed as far as I can go
I had to fall	For all this
To lose it all	There's only one thing you should know
But in the end	I (24) so hard
It doesn't even matter	And got so far
One thing	But in the end
I don't know why	It doesn't even matter
It (8) even matter how hard you try	/ I had to fall
Keep that in mind	To lose it all
I (9) this rhyme	But in the end
To remind (10) how	It doesn't (25) matter
I tried so hard	
In (11) of the way you were mocking me
