

(Uh oh..., uh oh...)

Fill in the gaps

Can you feel the urgency?	
Like a (1) pulling out	Staring at the clock
Can you feel the urgency?	I (15) each tick and tock
Pulses of anxiety	And they whisper (16) I lost the race
We're just (2) in the crowd	But I won't fucking stop
Pulses of anxiety(oh)	I'll hold you by my side
Are (3) the lies that we've been taught to	I need you (17) to fight
believe?	Cause' if we're gonna' lose (18) thing
Are (4) the (5) that we	Then we're goin' out in style
(6) opted to lead?	Staring at the clock
(Uh oh, uh oh)	I hear (19) tick and tock
	And they whisper that I (20) the race
Staring at the clock	But I won't fucking stop
I hear each (7) and tock	I'll hold you by my side
And they (8) I (10)	You know I (21) you here to fight
the race	Cause' if we're gonna' lose (22) thing
But I won't fucking stop	Then we're goin' out in style
I'll hold you by my side	Staring at the clock
I need you (11) tonight	I hear each (23) and tock
Cause' if we're gonna' lose (12) thing	And they whisper that I lost the race
Then we're goin' out in style	But I won't fucking stop
Time will replace reality	I'll (24) you by my side
Now we are peaking (13) the hours	You (25) I need you here to fight
Time will replace reality	Because if we're gonna' lose (26) thing
So I grasp for sanity	Then we're goin' out in style
I (14) to be devoured	
So I grasp for sanity	
Are these the lies that were taught to believe?	
Are these the lives we have opted to lead?
