

Fill in the gaps

From the coast of gold, across the seven seas	And throw my (7) up to the sky
I'm traveling on, far and wide	So understand
But now it seems, I'm just a stranger to myself	Don't waste your time
And all the things I sometimes do	Always searching for (8) (9)
It isn't me but someone else	years
I close my eyes, and think of home	Face up make your stand
Another city (1) by, in the night	And realize you're living in the golden years
Ain't it funny how it is, you never miss it til it's gone away	So understand
And my heart is lying there and (2) be til my dying	Don't waste your time
day	Always searching for (10) wasted years
So understand	Face up make your stand
Don't waste your time	And realize you're living in the golden years
Always searching for those wasted years	So understand
Face up make your stand	Don't waste your time
And realize you're (3) in the golden years	Always searching for those wasted years
Too much time on my hands, I got you on my mind	Face up make your stand
Can't (4) this pain, so easily	And realize you're living in the golden years
When you can't (5) the words to say	
It's hard to make it through (6) day	
And it makes me wanna cry
