Through The Fire And The Flames by DragonForce

On a cold winter morning, in the time before the light		Running back through the mid-morning light
In flames of death's eternal reign we ride towards the fight		There's a burning in my heart
And the darkness is falling down		We're banished from the time in the fallen land
And the times are tough all right		To a light beyond the stars
The sound of evil laughter falls around the world tonight		In the blackest (4) we do believe
Fighting high, fighting on for the steel		Our destiny this time
Through the (1) evermore		And endlessly we'll all be free tonight
The scattered souls will feel the hell bodies		And on the wings of a dream so far beyond reality
Wasted on the shores		All alone in desperation now the time is gone
On the blackest waves in hells domain		Lost (5) you'll never (6) Lost within
We watch them as they go		my own mind
Through fire, pain and once again we know		Day after day this misery must go on
So now we fly ever free		So far (7) we wait for the day
We're free before the thunderstorm		For the light (8) so wasted and gone
On towards the wilderness our (2) carries on		We feel the pain of a lifetime lost in a thousand days
Far beyond the sundown, far beyond the moonlight		Through the fire and the flames we carry on
Deep inside our hearts and all our souls		Now here we stand with their (9) on our hands
So far away we wait for the day		We fought so hard now can we understand
For the light source so wasted and gone		I'll break the seal of this curse if I possibly can
We feel the (3)	of a lifetime lost in a thousand days	For freedom of every man
Through the fire and the flames we carry on		So far away we (10) for the day
As the red day is dawning		For the light source so wasted and gone
And the lightning cracks the sky		We feel the pain of a lifetime lost in a thousand days
They raise their hands to the heavens above		Through the fire and the flames we carry on
