

All my islands have sunk

Fill in the gaps

(1) my (2) last night	In the deep
And saw you in the low light	And I can hardly
Walking down by the bay	Relax or even oversleep
On the shore	When I feel warm with your hand
Staring up at the stars	In mine
That aren't there anymore	When we walk (11) the shoreline
was feeling the night	I guess we'll (12) know
Grow old	Why sparrows love the snow
And you (3) looking so cold	We'll (13) out all of the lights
So like an introvert	And set this ballroom aglow
drew my over shirt	So tell me darling
Around my arms	Do you wish we'd fall in love?
And began to (4) (5)	(Yeah) All the time
pefore	All the time
You (6) to look	Time together isn't ever quite enough
And see	When you and I are alone
The (7) all around me	I've (14) (15) so at home
Running into the dark	What will it take to make or (16) (17)
Jnderground	(18) of love?
All the subways around	Only time
Create a great sound	Only time
To my motion fatigue	When we're (19) what ever
Farewell	Are you thinking of?
Nith your ear to a seashell	If (20) is what I call home
You can hear the waves	Why does it feel so alone?
n underwater caves	So (21) me darling
As if you actually	Do you wish we'd (22) in love?
Were inside a (8) room	All the time
Time together isn't ever (9) enough	All the time
When you and I are alone	Time together isn't ever quite enough
've never felt so at home	When we're (23) (24) ever
What will it take to make or	Are you thinking of?
Break this hint of love?	What will it take to make or break this (25) of love?
Only time	So (26) me darling
Only time	Do you wish we'd (27) in love
Can you believe (10) the crew	All the time
Has gone	(Oh) All the time
And wouldn't let me sign on
