I remember your bare feet		And whispered in your ear	
Down the hallway		Come on baby with me	
I remember your little laugh		We're gonna fly away	
Race cars on the (1) floor		From here	
Plastic dinosaurs		Out of this curtained room	
I love you to the moon and back		And (6) hospital gray	
I remember your blue eyes		We'll just disappear	
Looking into mine		Come on baby with me	
Like we had our own secret club		We're gonna fly away	
I remember you dancing		From here	
Before bedtime		You were my best four years	
Then jumping on me waking me up		And what if I'm standing in you closet	
I can still feel you hold my hand		Trying to talk to you	
Little man		And what if I (7) the hand-me-downs	
And even the moment I knew		You won't grow into	
You (2) it hard (3) an army guy		And what if I really thought some miracle	
Remember I		Would see us through	
Leaned in and whispered to you		But maybe the miracle was	
Come on baby with me we're gonna fly away		Even getting one moment with you	
From here		Come on baby with me	
You where my best four years		We're (8)	fly away
I remember the drive home		From here	
When the blind hope		Come on baby with me	
Turned to crying and (4) why		We're gonna fly away	
Flowers pile up in the worst way		From here	
No one knows what to say		You were my best four years	
About a (5)	boy who died	I remember (9)	bare feet
And it's about to be halloween		Down the hallway	
You could be anything		I love you to the moon and back	
You wanted if you were still here			
I remember the last day			
When I kissed your face
