

## Fill in the gaps

You say I love you, boy	It's you and me 'til the end of time
I (1) you lie	When we collide we come together
I (2) you all the same	If we don't we'll always be apart
I don't (3) why	I'll (11) a bruise, I (12) you're worth it
'Cause when my back is turned	When you hit me, hit me hard
My (4) shine	'Cause you (13) love
Our broken fairy tale	Was letting us go against what
So (5) to hide	Our (14) is for
I (6) believe	Many of horror
It's you and me 'til the end of time	Our future's for
When we (7) we (8) together	Many of horror
If we don't we'll (9) be apart	I (15) believe
I'll take a bruise, I know you're worth it	It's you and me 'til the end of time
When you hit me, hit me hard	When we (16) we (17) together
Sitting in a wishin' hole	If we don't we'll always be apart
Hoping it stays dry	I'll take a bruise, I know you're worth it
Feet (10) in solid stone	When you hit me, hit me hard
I've got Gilligan's eyes	
I still believe
