

## Fill in the gaps

| (Lost in stereo, lost in stereo)           |          | Waiting for so long                |                 |
|--------------------------------------------|----------|------------------------------------|-----------------|
| (Lost in stereo, lost in stereo)           |          | But she'll never know              |                 |
| She works for the weekend                  |          | I'm losing (6)                     | 'cause she's so |
| Mix tape of her favorite bands             |          | Lost in stereo, lost in stereo     |                 |
| Tearin' up the radio                       |          | And I'm (7) like cellophane        |                 |
| Lost in the stereo sound                   |          | 'Cause she sees right through me   |                 |
| She's trouble in a tank top                |          | I know she's glitter and gold      |                 |
| Pretty little time bomb                    |          | And that's just the price I pay    |                 |
| Blowing up, I'll take you down             |          | When I don't even know her name    |                 |
| Living in the radio                        |          | She's slipping away                |                 |
| Lost in the stereo sound                   |          | She works for the weekend          |                 |
| She's dancing alone                        |          | Mix tape of her favorite bands     |                 |
| I'm ready to go                            |          | Tearin' up the radio               |                 |
| But she's so lost in stereo, (1) in stereo |          | Lost in the stereo sound           |                 |
| She's out of control, so beautiful         |          | She's (8)                          | alone           |
| (In stereo, lost in stereo)                |          | I'm ready to go but she's so       |                 |
| And I've been                              |          | (Lost in stereo, lost in stereo)   |                 |
| Waiting for so long                        |          | She's out of control, so beautiful |                 |
| But she'll never know                      |          | (In stereo, lost in stereo)        |                 |
| I'm (2) hope 'cause she's so               |          | And I've been                      |                 |
| (Lost in stereo, lost in stereo)           |          | Waiting for so long                |                 |
| (Lost in stereo, lost in stereo)           |          | But she'll never know              |                 |
| Shake (3) on a Saturday                    |          | I'm (9) hope 'cause she's so       |                 |
| Sit back gotta catch my breath             |          | (Lost in stereo, lost in stereo)   |                 |
| 'Cause every time I see her                |          | (She's dancing alone)              |                 |
| I know she's gonna take it back somehow    |          | I'm ready to go but she's          | S S0            |
| Tattoos and a (4)                          | attitude | (Lost in stereo, lost in st        | ereo)           |
| Snakebite heart with a bubblegum smile     |          | She's out of control, so I         | beautiful       |
| Sex in stereo                              |          | (In stereo, (10) in stereo)        |                 |
| Don't turn the radio down                  |          | And I've been                      |                 |
| She's (5) alone                            |          | Waiting for so long                |                 |
| I'm ready to go but she's so               |          | But she'll never know              |                 |
| (Lost in stereo, lost in stereo)           |          | I'm losing hope 'cause she's so    |                 |
| She's out of control, so beautiful         |          | (Lost in stereo, lost in stereo)   |                 |
| (In stereo, lost in stereo)                |          |                                    |                 |
| And I've been                              |          |                                    |                 |
