

Speed Of Sound by Coldplay

How long before I get in? Before it starts, before I begin How long before you decide? Before I know what it feels like Where to? Where do I go? If you've never tried then you'll never know How long do I have to climb Up on the side of this mountain of mine? Look up, I look up at night Planets are moving at the speed of light Climb up, up in the trees Every (1)_____ that you get Is a Chance you seize How (2)_____ am I gonna stand With my head stuck under the sand? I'll stop before I can stop Or before I see things the (3)_ ____ way up All that noise and all that sound All those places I got found And birds go flying at the speed of sound To show you how it all began Birds came flying from the underground If you could see it then you'd understand Ideas that you'll never find Or the inventors could never design

Fill in the gaps

The buildings that you put up
Or Japan and China, all lit up
The sign that I couldn't read
Or a light that I couldn't see
Some things you have to believe
But others are puzzles, puzzling me
All (4) (5) and all (6)
sound
All (7) places I got found
And birds go flying at the speed of sound
To show you how it all began
Birds came (8) from the underground
If you (9) see it then you'd understand
(Oh) (10) you see it then you'll understand
All those signs I knew what they meant
Some things you can't invent
Some get made and some get sent
Birds go flying at the speed of sound
To show you how it all began
Birds came flying from the underground
If you could see it then you'd understand
(Oh) when you see it then you'll understand
